

HRSC Dinghies Racing Risk Assessment Sheet

To be completed before each racing session.

Race Officer/s	
----------------	--

Date/time		High Tide time	
-----------	--	----------------	--

Weather Forecast: (source, wind, gust, rain/viability)

--

Observed Conditions on the river:

Wind force	
Wind direction	
Sea state	
Rain/viability	

General conditions notes	
--------------------------	--

Recommendations and plan for race session taking into account conditions and experience of competitors, so minimizing the chances of rescue being needed by support / committee boats.
