Dinghy Race Report: Spring Evening Series  
Thursday 19<sup>th</sup> April 18:15  
Linestart Triangle NW-N 2-3

Wafted by a gentle Northerly breeze on the hottest day of the year, HRSC was justly rewarded for its massive team effort in getting the club back on the water following Storm Emma's attempt to wreck the club foreshore and pontoon. Having forgotten how to RO, Brooks was gently coached by the maestro Keith Goy, himself eager to get away from a winter spent demolishing and renewing a major part of Mullion.

With impeccable timing Chris Hosken showed his competitive edge and was first over the start line though for his early promise to be made good, probably required an absent spinnaker and the wind to fill it.

Possibly the last time we shall see hesitancy in Phil Philpott's starts this year found him behind the Committee Boat but soon found speed on the beat to Durgan and leapt ahead of the pack on the run to Gew; not far enough. Andrew Hosking had clearly been counting Laser dinghies in his sleep all winter; his dreams exquisitely coming true with a first, ahead of the considerably larger rigs of the Laser II and Halo. Push The Boat Out 12:00 26<sup>th</sup> May

Thinking of getting on the Helford? HRSC is offering free experiences for the family on the water from Saturday 26<sup>th</sup> May as part of the RYA's Push the Boat Out national campaign. Look for Updates on the Club Website and social media.

## Results:

Race 1: A Hosking 1<sup>st</sup> P Philpott 2<sup>nd</sup> C Hosken 3<sup>rd</sup>
